**NOTES FROM  
REGIONAL GOVERNOR**

The Musical Theater ballot is in and both proposals had **strong majority support**. So, beginning with this upcoming Regional Student Auditions in March, we will inaugurate these new musical theater classifications.

I have formed a small "Musical Theater Task Force" to work on several matters involved with this new development for our regional auditions.  
Yvonne Dechance (FL)  
Randall Richardson (AL)  
Matt Hoch (GA)

These NATS members will be working on guideline revisions, a FAQ focused specifically on musical theater, and repertoire issues. Our goal is to have all of these items completed and posted on the website within the next month. In the meantime, as you prepare your students for our upcoming regional auditions, please consult the proposals that are still listed on our website for classification and repertoire requirements.

Thanks to all those who gave this vote serious consideration and sent back comments and/or concerns. Please know that I have registered all of the questions and concerns and forwarded them to our MT Task Force. Healthy singing, regardless of style or genre, is our goal and I am confident that the expertise we have at the national, regional, and state levels will help guide us as we move forward...-Toni Anderson
